

## COLLEGE TRAIL/CAMBRIDGE DETENTION POND INVASIVE PLANT APPLICATION NOTICE – 2016

The Grayslake Community Park District has again contracted with Marine Biochemists to perform a chemical application for the control of invasive plants such as milfoil for 2016. The application will be performed on April 19, 2016 with a rain date of April 20, 2016. The following restrictions will apply:

- No use of water for irrigation for 30 days
  
- No fish consumption for 3 days
  
- No swimming for 3 days

Notices for any future applications will be posted on the District's web site at [www.glpd.com](http://www.glpd.com), letters will be distributed to adjacent landowners and signs will be posted at each Park District owned property. Please contact Jeff Nehila at the Grayslake Community Park District at (847) 223-7529 if you have any questions.
