Dear Resident:

The Grayslake Park District has hired ILM to perform a prescribed burn sometime in March to early May depending on weather of the Wetland area adjacent to your house. The Fire and Police departments will also be monitoring the burn. If you have any Asthma or any breathing problems, please contact Joe Vocke, Supt of Parks, at 847-223-7440 so we can inform you when the burn will take place. Please keep in mind due to condition dependability: it may be the day of the burn when we can give notice.

Thank you for cooperation as we manage this valuable resource. Please contact Joe Vocke, Supt of Parks at 847-223-7440 if you have any questions.

Dear Resident:

The Grayslake Park District has hired ILM to perform a prescribed burn sometime in March to early May depending on weather of the buffer area around the pond. The Fire and Police departments will also be monitoring the burn. If you have any Asthma or breathing problems, please contact Joe Vocke, Supt of Parks, at 847-223-7440 so we can inform you when the burn will take place. Please keep in mind due to condition dependability: it may be the day of the burn we can give notice.

Thank you for cooperation as we manage this valuable resource. Please contact Joe Vocke, Supt of Parks at 847-223-7440 if you have any questions.
